

One-Page Planner: Room-by-Room Fall Detection Placement Template

Floor Plan Layout

- **Left Section:** Blank house floor plan with major rooms labeled:  Bedroom,  Bathroom,  Hallway,  Kitchen,  Living Room.
- **Right Section:** Placement Notes Table.

Placement Notes Table

Room	Suggested Sensor Type	Installation Notes
 Bathroom	Radar/IR stationary	Place near shower/toilet, avoid direct steam
 Bedroom	Radar stationary	Aim at bed + bathroom path
 Hallway	Radar stationary	Head height, mid-corridor
 Kitchen	Stationary/wearable backup	Cover sink/stove area
 Living Room	Optional stationary	Overlook main sitting area

Visual & Design Elements

- Icons for each room type to support quick recognition.
- High-contrast outlines on floor plan for visibility.
- Clear section dividers for easy navigation.

Tip for Use: Print this planner and mark sensor placements with a pen or colored stickers for installation day.
